

Nesting Buffet Tables

For foyer areas during cocktail events, these tables may be used for displaying appetizers, cocktail beverages and snacks. Tables are nestable when not in use against walls and may be pulled out smoothly (on carpeted surfaces) when required. Tables may be used to display other items when not in use in foyers such as decorative flower pieces. Glass tops are easy to clean and rest on padded rubberised surface unlike Industry standards of Glass and Steel Frame contact

Tempered Protection

10mm Tempered Glass is used for all tables and further available in a selection of colour choice from clear to tinted. Glass rests on protective rubber for protection and grip

Coffee / Snacks / Desert

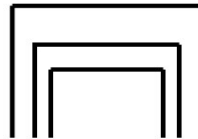

Various heights of tables are used for different occasions for food and beverage display.
From coffee to desert. No skirtings or decorative linens required

NESTING BUFFET TABLES
