

## Portable Dance Floors

When it comes to Weddings, our Dance Floors will be the first to share the privilege of that special moment when the Newly Weds take as their first dance. Made with American Oak

## American Oak

Dance Floors are made with American Oak for durability. Allen Key system locks dance floors in place during construction of dance floor area. Lacquered Finish gives clarity and detail to individual unique Oak Blocks, showing a beautiful finish. Panels interlock for construction and bolted with allen key system for assembly.

## Trimmings

Dance Floor Trimmings are larger than industry standards in Width. 75mm Trimmings come with grooves for foot resistance and are made with Aluminium for lightweight portability. Panels interlock with Dance Floors for creating borders.

## Transport your Dance Floors

Dance Floor Trolleys assist with transporting up to 20 panels and Trimmings per trip. For easy movement, our Trolleys are crucial to a quick set up and removal for clearing

## PORTABLE DANCE FLOORS
